Mediterranean Resort

THE LUXURY OF LIVING IN HARMONY WITH NATURE

A lifestyle based on wellbeing and surrounded by nature is something we all need. It's a deep-seated urge to connect fully with the land around us, from a home that is safe and welcoming, a place where we can share and enjoy the little things: moments of light and beauty, birdsong at dawn, the murmur of the waves or great conversation with friends under the stars. It's the secret to finding happiness at Macenas.

WITH A HISTORIC HERITAGE THAT FORMS PART OF OUR IDENTITY

Within the resort are two monuments that form part of the sites of cultural interest catalogue of Spain's historic heritage.

The first of these, the Castillo de Macenas, from which the site takes its name, which lends its name to the site, is a lookout tower built during the reign of Charles III in 1765. This defensive structure leads to the protected western beaches of the Cabo de Gata-Níjar Natural Park.

El Pirulico is another of the jewels in our crown: a Nasrid watchtower built between the 12th and 14th centuries that was used as a lookout for centuries after.

ENJOY SPACIOUS UNSPOILT BEACHES WITH CRYSTAL-CLEAR WATER

At Macenas, you can surround yourself with nature and enjoy the majesty of the Mediterranean Sea in its wildest state.

The Macenas® Mediterranean Resort beach runs for 1.2 km, perfect for taking a dip away from any crowds.

Following the coastline, we come to the unspoilt beaches of the Cabo de Gata-Níjar Natural Park, where you can really unwind and switch off.

“ Almería, the highest
happiness index in Spain. ”

BREATH EASY IN PROTECTED NATURAL ENVIRONMENT

Macenas is an open invitation to discover its protected environmental heritage, from the gorgeous Sierra Cabrera to the beauty of Mojácar village and its white houses, up in the hills, reached through volcanic gorges.

It's a place to fill your lungs with pure oxygen.

Living at Macenas@Mediterranean Resort means waking up every day with the finest sunrises, strolling along the shoreline, practising yoga in the afternoon, taking a boat out to sea...

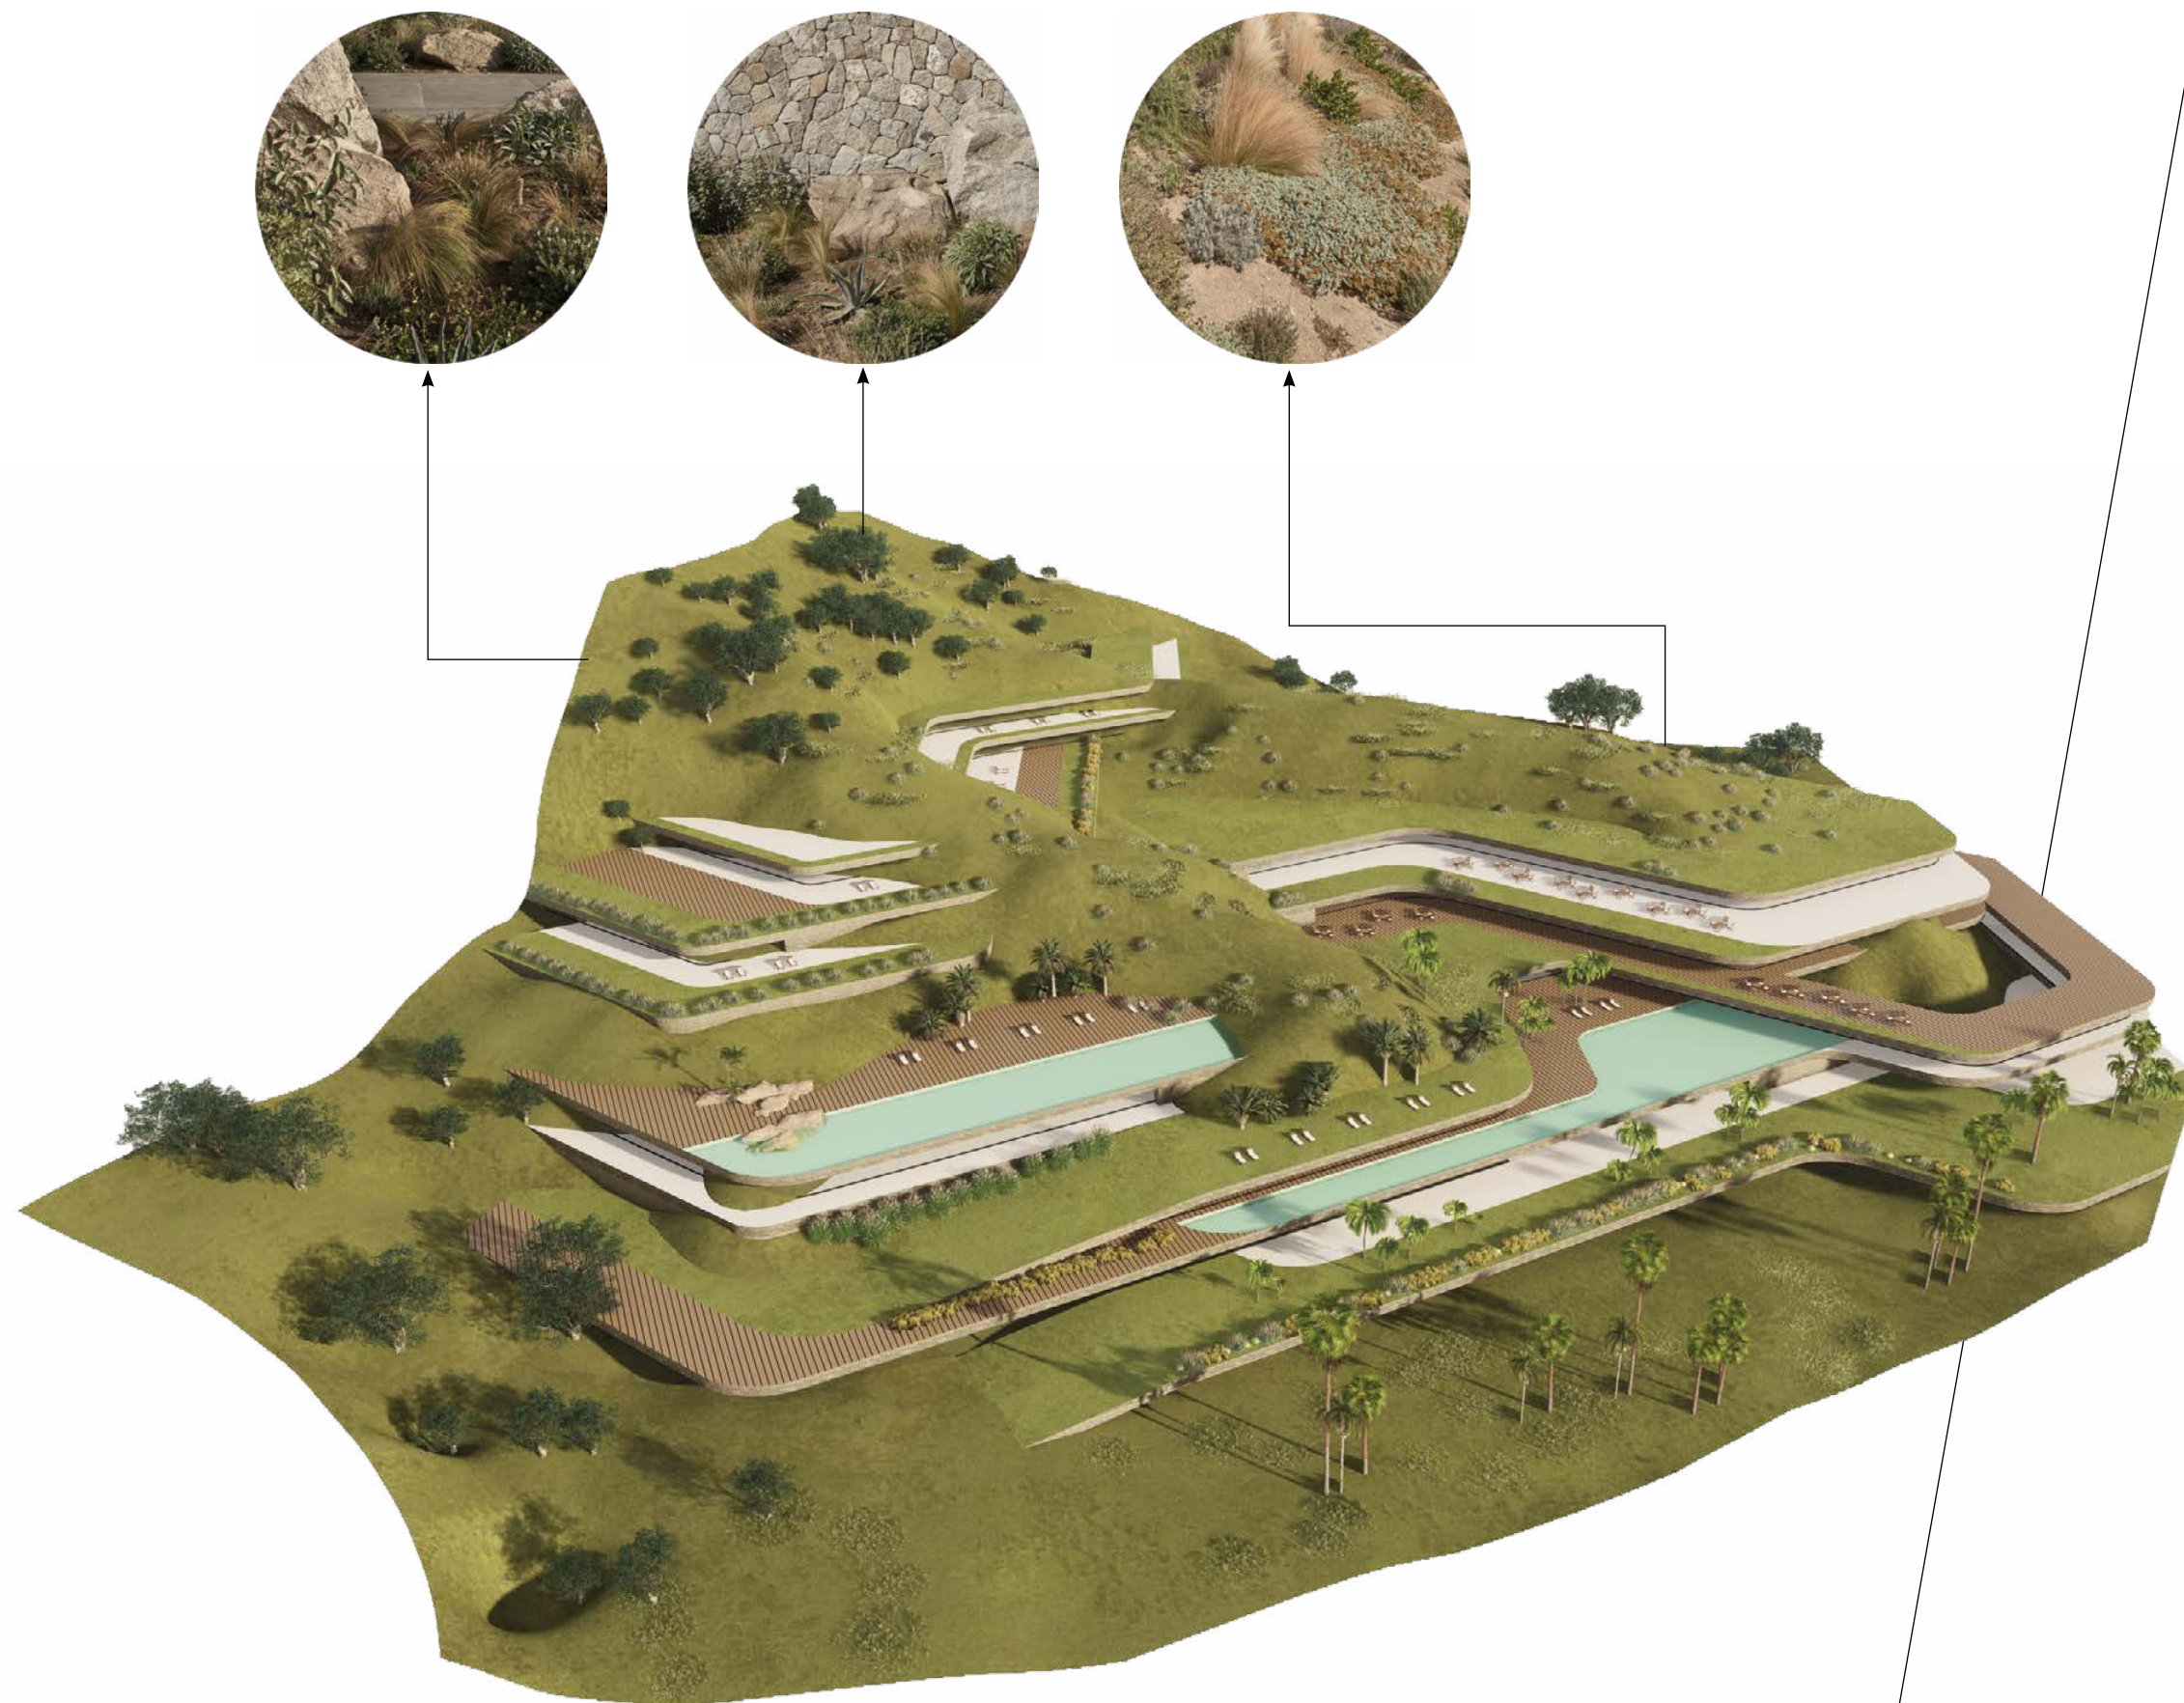

A CABO DE GATA MEDITERRANEAN RESORT IN SOUTHERN SPAIN

Macenas® Mediterranean Resort is a new sustainable residential and tourist resort that's perfect for a simple, genuine lifestyle. With its privileged location between Sierra Cabrera and the Mediterranean Sea, the resort allows its residents to enjoy the Mediterranean climate all year round, with an average temperature of 22 °C.

“Macenas, with more than 320 days of sunshine a year.”

A NEW SUSTAINABLE RESORT CONCEPT IN ALMERÍA

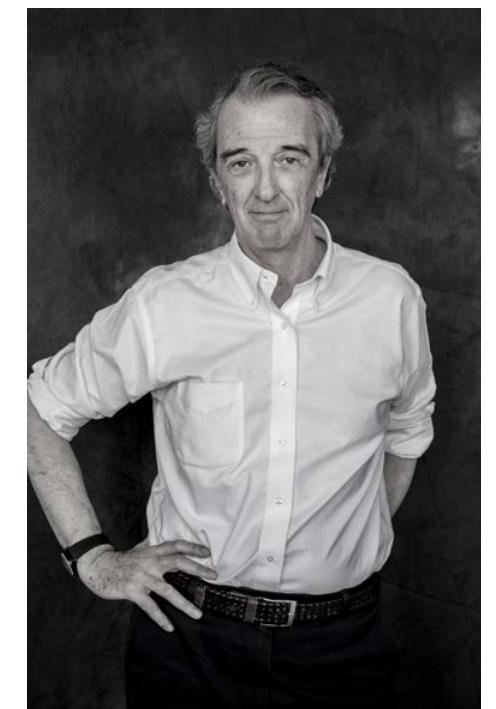

Designed by the Rafael de La-Hoz studio with a focus on landscaping to ensure it remains in harmony with its surroundings, the resort's discreet architecture allows nature in on all sides.

“

The main aim of the project is to make nature the focus at Macenas, preserving and enhancing its natural and cultural heritage.
